ProLoco English Course level 2 - Worksheet 1 "Bill's record"
Comprehension, interro/negative forms and pronouns
Prepared by Marco Ruocco

Preamble

Sarah's computer was off when I called her the first time. She turned it on as soon she received my call. After the computer booted-up, Sarah found the name of Bill's record in her emails. Then, she sent an email to Joanna indicating the name of Bill's record that Joanna borrowed from him. You (my assistant) dialed Joanna's phone number, telling her to check her emails. Johanna took Bill's record from her bookcase. Joanna returned the record to Bill before midnight. The following day we met together in a large Hall discussing this important matter...
